

# BETCHWORTH PARISH COUNCIL

## Highways Report

<b>Prepared By:</b>	Cllr Randal
<b>Date:</b>	31/10/2024
<b>Agenda Item:</b>	6. Highways

### **Pebble Hill Update:**

The drainage works have now been completed at the lower section of the road. We are grateful to CC Helyn Clack for escalating this to emergency works status. Design for embankment stabilisation & permanent reinstatement of fencing to footpath is well in hand. In the interim the footpath has been widened to improve access.

### **Alternative Bus Route When Network Rail Closes Line**

Secretary of North Downs Line Rail Partnership has been requested to seek acceptance of the change in route from NR. In the meantime, Helyn Clack to confirm that Highways have approached the Police for clearance & current stage of progress.

### **Proposed Bus Stop North of level crossing**

Rail Partnership to ascertain if NR are agreeable to release of land to accommodate a bus waiting area. If agreed, referral back to CC Helyn Clack for consultation with Highways, Police & Bus Company.
